Greetings!

Happy New Year! At A Place to Grow we are starting this year with a lot of enthusiasm for the possibilities the new year brings. We are looking forward to working with you to create your own place to grow as we are heading toward spring and warmer weather!

For those of you who I had the opportunity to speak with on the phone, it was a pleasure to talk with you. If you did not hear from me, I will be continuing to follow up with you over the next couple of months. If you would prefer to contact me directly with any questions or a future time to contact you, please respond to this email or call me at 805.704.1155.

You received this newsletter because you expressed an interest in A Place to Grow by signing up with

us at one of our events or on our web page.

I look forward to talking with you soon!

Dana

Grand Opening Celebration

We are excited to announce the date of our Grand Opening Celebration- Saturday, February 1 from 3-5 pm at our workshop/showroom located at 445 B Prado Road in San Luis Obispo. We are located in the same business park as Central Coast Landscape. Please come by and see us and enter our raffle, we will be giving away a 100% reclaimed wood potting table, a re-purposed mission

roof tile succulent garden and a hand crafted concrete planter!

From the South:

Take **US-101 North** to **San Luis Obispo** and take the **Prado Rd/Elks Ln** exit. Turn right onto **Prado Rd**. Continue for 0.9 miles. Turn right at **445 B Prado Rd**. **A Place to Grow** is ahead on the right.

From the North:

Take **US-101 South** to **San Luis Obispo** and take the **CA-227/Madonna Rd** exit. Turn right onto **Madonna Rd**. Continue for 0.4 miles. Turn right onto **Higuera St**. Continue for 1 mile. Turn left onto **Prado Rd**. Continue for 0.6 miles. Turn right at **445 B Prado Rd**. **A Place to Grow** is ahead on the right.

Our First Donated Greenhouse

The Montessori Children's School of San Luis Obispo located at 4200 South Higuera Street is the home of our first donated greenhouse to a children's organization. At A Place to Grow we believe that children need to connect with our earth through planting seeds and watching them grow. The children at the Montessori Children's School of San Luis Obispo plan to plant tomato seeds and once they have grown to seedlings, they will sell them to fund their Art Program.

We installed their greenhouse in December, and they painted it to make it their own. We will have a ribbon cutting ceremony with the children to celebrate this event in January.

Items for Sale

We are excited to offer a few other garden products in addition to our recycled structures!

This potting table is made of 100% reclaimed wood and has been re-purposed into a functional table that would complement any garden.

FLEX Concrete Studio hand crafts concrete planters. Each of the planters is unique and truly a work of art.

Reclaimed Marine Wood

Unique Materials

We have many unique materials that we are sourcing from all over San Luis Obispo County, and recently outside the county as well. We just got in some reclaimed marine wood that brings beautiful texture and color to our structures, not to mention it comes with a very interesting story!

We also have some old redwood fence boards from the Paso Robles area that truly have the look and feel of barn wood, yet are priced lower than barn wood! These can be used on your outdoor structure and we are also using them on some of our potting tables.

We continue to have access to beautiful urban forested lumber. What is "urban forested lumber" you may ask? This is lumber milled from trees that have fallen on their own or trees that an arborist has determined must be removed. We have this lumber milled specifically for us to use in our structures.

If you would like to come by our workshop, please call ahead to schedule a visit at 805.704.1155.
