October's Featured Structure: Los Osos Potting Shed

100% Reclaimed Wood Potting Tables & More!

Before & After: Arroyo Grande Barn Facelift

We Have Tool Sheds!

Calendar of Upcoming Events

Come see us at the *Remnants of the Past Vintage Show* in Santa Barbara next month. We will be showcasing our stunning structure made from vintage materials. The event will be held at the Earl Warren Showgrounds, 3400 Calle Real, Santa Barbara and runs from Friday, November 13, 2015, 2-7:00 pm through Saturday, November 14, 2015, 8-5:00 pm. We would love to see you there!

We recently added our custom reclaimed materials panel to an existing barn to give it that rustic look. We are showing the before and after pictures below. What a transformation it was! If you have an existing structure, such as a pergola or covered patio, that you would like to add some custom panels to, please give us a call.

At *A Place to Grow* we specialize in creating unique outdoor living spaces for you to grow, whether it's a greenhouse to grow plants, an artist studio/meditation retreat to grow spiritually or a hot tub enclosure to grow peace and tranquility. As soon as you are ready to start designing your own unique structure, please respond to this email or call us at 805.704.1155.

You received this newsletter because you expressed an interest in *A Place to Grow* by signing up with us at one of our events or on our web page.

We look forward to talking with you soon!

Dana

October's Featured Structure: Los Osos Potting Shed

We recently had the opportunity to create this unique and extremely functional potting shed for our client who loves to garden and also needed a

shed to store her garden tools.

We designed and created this potting shed to fit in between the beautiful oak trees that cover this amazing property! Our client wanted two of the walls to be completely wood for shelving and tool storage. The front wall has windows and a door with a lovely glass pane to let the light shine in. The fourth wall has a large picture window that allows our client to enjoy the stunning scenery while potting her plants.

If you would like to talk to us about designing an outdoor room for you and have any windows or other sentimental materials that you would like us to incorporate into it, please call 805.704.1155 or email to schedule an appointment to talk about creating your very own *Place to Grow!*

100% Reclaimed Wood Potting Tables & More!

We are excited to offer unique potting tables in addition to our recycled structures!

This potting table is made of 100% reclaimed wood and has been re-purposed into a functional table that would complement any garden. We offer a delightful selection of these useful, yet artistic potting tables for sale at our shop located at 445 B Prado Road in San Luis Obispo. These tables come in 4' and 6' lengths and make great gifts.

Cluck, cluck, our charming chicken coops are ready to come home with you! As eggs are getting more and more expensive, this is the

perfect time to consider getting your own hens for a daily supply of fresh eggs.

We also have garden arbors, which would be great for events or as an entrance to your garden! Come by and see what's in stock.

Before & After: Arroyo Grande Barn Facelift

At *A Place to Grow* we pride ourselves on creating custom, unique products that enhance our clients' lives.

We recently had the pleasure of reconnecting with a greenhouse client of ours. She was delighted with the beautiful structure we had built for her and was ready for more. The new project was to give her metal barn a "facelift"!

With our client's input, we created a design for the front of her barn that shields it from the elements and also makes it aesthetically pleasing. Our client provided the red sliding doors that offer easy access and create a marvelous focal point. The salvaged, painted wood trim around the windows complements them beautifully. We used repurposed barn wood, old windows and some reclaimed corrugated metal to make this barn look just like...well, a barn!

To schedule an appointment to talk about creating your very own *Place to Grow* please respond to this email or give us a call at 805.704.1155.

We Have Tool Sheds!

As we are heading into winter, one that some are predicting to be a wet El Niño winter, now is the ideal time to get a reclaimed wood tool shed to store all your yard implements to keep them from rusting. Our sheds are custom crafted using reclaimed wood, vintage windows and salvaged corrugated metal for the roof. We also bring in a clear panel on the roof to allow light in so that you can see what you have inside. Each tool shed is custom created by order.

Stop by to see what we have in stock. Our hours are M-F 9-5:00 and Saturdays by appointment.
