**Greetings!**

One of our happy clients and her incredible garden was featured in the Home & Garden section of [The Tribune](#) on Wednesday, April 1, 2015. If you haven't had the opportunity to read the article please click on the link above. Our "Perfectly Green" Greenhouse is pictured in the article! Our client will be part of the annual Morro Bay AAUW Garden Tour this Sunday, April 26, from noon to 5 p.m. Proceeds benefit local scholarships and community projects. For details, visit [morrobayaauw.org](http://morrobayaauw.org) or call 805-748-4731.

This past weekend we had the privilege of participating in two local events. The first was the Central Coast Greenhouse Grower's Association Open House on Saturday at the Edwards Barn in Nipomo. Then on Sunday, we were at El Chorro Regional Park in San Luis Obispo for the 25th Annual Earth Day Event. We met many wonderful people and thoroughly enjoyed ourselves! We will be at the Alex Madonna Expo Center in San Luis Obispo on May 2nd & 3rd for the Inspired Home Expo. Be sure to come by and see us.

At *A Place to Grow* we specialize in creating unique outdoor living spaces for you to grow, whether it's a greenhouse to grow plants, an artist studio/meditation retreat to grow spiritually or a hot tub enclosure to grow peace and tranquility. As soon as you are ready to start designing your own unique structure, please respond to this email or call us at 805.704.1155.

You received this newsletter because you expressed an interest in *A Place to Grow* by signing up with

us at one of our events or on our web page.

We look forward to talking with you soon!

Dana

## April's Featured Structure:

At *A Place to Grow* we pride ourselves on creating sacred spaces that help our clients grow in whatever way they choose.

We recently created this unique and artistic outdoor greenhouse adjacent to our client's historic Victorian home in old town Arroyo Grande. We wanted to create an environment that protected her plants, yet was still open, spacious & inviting. The two pass-through openings allowing easy access from the front of the house to the backyard.

We brought in some multi-colored boards below the windows for an interesting textural look. Our client hung her own old windows over each of the door openings, finishing it out nicely!

If you would like to schedule an appointment to talk about creating your very own *Place to Grow* please respond to this email or give us a call at 805.704.1155.

## Greenhouse of Many Colors

We featured this remarkable greenhouse at our two events this past weekend and are now releasing it for sale.

This unique greenhouse features multi-textural wood in various colors cut at a 30 degree angle on all four walls. In addition, we have brought in three sliding glass doors turned horizontally as large picture windows to let in an abundance of growing light!

Below the windows are pieces of salvaged corrugated metal. This greenhouse measures 8' x 8' and is sure to be a beautiful focal point in your backyard while being functional as well!

The Sales Price is \$7,000, with 5% of that being donated to the Central Coast Greenhouse Grower's Scholarship Fund.

If you have a special place in your yard for this unique greenhouse, please give us a call at 805.704.1155 or email at [Dana@RecycledGreenhouses.com](mailto:Dana@RecycledGreenhouses.com)

## Giving Back

At A Place to Grow we are passionate about children's causes. We have had the opportunity to donate two greenhouses to different children's organizations, San Luis Obispo Montessori School and Bellevue Santa Fe Charter School. In addition we have also donated arbors, potting tables and mission tile succulent gardens to various other children's organizations.

In the past month we donated a potting table to [Outside Now School](#) for their annual fundraiser, and another potting table to Sinsheimer Elementary School in San Luis

Obispo for their annual silent auction.

## We Have Chicken Coops!

We are happy to be building chicken coops from reclaimed fence boards, corrugated metal and other scrap material from other projects. We are passionate about keeping construction waste materials out of the landfill by using them to create outdoor structures that are functional yet artistic!

These chicken coops are definitely "eggceptional" in that they function as coops yet have the artistic flair that makes them unique! What chicken wouldn't love to lay her eggs in one of these? We also offer chicken runs that can be attached to the coops.

Come by our shop to see which of these coops will work for you. They can hold up to 6 chickens and are built to be modular and moveable. The timing is great to start thinking about purchasing a coop for the spring season and baby chicks!

## 100% Reclaimed Wood Potting Tables & More!

We are excited to offer unique potting tables in addition to our recycled structures!

This potting table is made of 100% reclaimed wood and has been re-purposed into a functional table that would complement any garden. We offer a delightful selection of these useful, yet artistic potting tables for sale at our shop located at 445 B Prado Road in San Luis Obispo. These tables come in 4' and 6' lengths and make great gifts!

We also have garden arbors, which would be great for events or as an entrance to your garden!

Come by and see what's in stock. We also have our smaller garden products, including potting tables,

arbors and chicken coops at Farm Supply in San Luis Obispo and Arroyo Grande.
