Nantucket "She Shed"

Happy Client Spotlight

100% Reclaimed Wood Potting Tables & More!

Light and Bright Custom Sheds

We Have Chicken Coops!

Calendar of Upcoming Events

Greetings!

We have been busy here at *A Place to Grow!* We participated in the Art in the Park at the Dinosaur Caves Park on the bluffs in Shell Beach on June 7th for the first time. What a wonderful event it was to showcase our structures as the art that they truly are! Each of our structures is unique, numbered and come with a certificate of authenticity.

If you haven't had the opportunity to see our commercial, here is a link to the [you tube video](#).

At *A Place to Grow* we specialize in creating unique outdoor living spaces for you to grow, whether it's a greenhouse to grow plants, an artist studio/meditation retreat to grow spiritually or a hot tub enclosure to grow peace and tranquility. As soon as you are ready to start designing your own unique structure, please respond to this email or call us at 805.704.1155.

You received this newsletter because you expressed an interest in *A Place to Grow* by signing up with us at one of our events or on our web page.

We look forward to talking with you soon!

Dana

June's Featured Structure

We recently created this unique and artistic sunroom/greenhouse for our client using her wood sash windows from her home. We also incorporated in some antique furnace grates that she had been collecting over the years. Also included were some windows from her daughter's home remodel and a custom, hand carved wood table top! This is a delightful space where our client can have her plants flourish out of the cold, coastal fog. She can also sit and sip her tea or wine and read her favorite book!

This structure features open entry points throughout for our client's tortoises to enjoy the sunroom as well!

If you have any windows or other sentimental materials that you would like us to incorporate into an outdoor room, please call 805.704.1155 or email to schedule an appointment to talk about creating your very own *Place to Grow*!

Nantucket "She Shed"

This is our most recent creation, a beach style cottage that reminds us a lot of Cape Cod. We believe it would make a great artist studio, "She Shed" or meditative space where you can light a candle, sip your tea or wine and read your favorite book!

This structure is truly a work of art from the tinted blue paint with a white wash over it to the vintage windows thru-out. Of course the bright red antique Dutch door with an antique crystal knob is a show stopper. It is complemented by another bright red door that drops open on the back wall. Both side walls feature windows framed in the

shape of a diamond giving it that artistic touch that we love here at *A Place to Grow*. You need to see it to truly appreciate the artistic detail that went into creating this amazing structure.

The Nantucket is currently available for \$15,500. If you would like to purchase this beautiful structure or schedule an appointment to talk about creating your very own *Place to Grow* please respond to this email or give us a call at 805.704.1155.

Happy Client Spotlight

At *A Place to Grow* we pride ourselves on creating sacred spaces that help our clients grow in whatever way they choose.

We created this unique and artistic outdoor "She Shed" for our client. She uses it to relax in and also as an office. She is so happy with her new, custom shed!

Our client said that ever since she moved to the central coast she has been cold. All the windows let in an abundance of light and also warm up her space beautifully. The back wall features 100 year old windows that have old, wavy glass. Two of the windows are square windows that we framed in the shape of a diamond, giving it that artistic touch that we love here at *A Place to Grow!* While her home was being remodeled, our client used this as her space to retreat to for peace and quiet away from the construction noise and mess, truly her sacred space to grow peaceful!

If you would like to schedule an appointment to talk about creating your very own *Place to Grow* please respond to this email or give us a call at 805.704.1155.

100% Reclaimed Wood Potting Tables & More!

We are excited to offer unique potting tables in addition to our recycled structures!

This potting table is made of 100% reclaimed wood and has been re-purposed into a functional table that would complement any garden. We offer a delightful selection of these useful, yet artistic potting tables for sale at our shop located at 445 B Prado Road in San Luis Obispo. These tables come in 4' and 6' lengths and make great gifts!

We also have garden arbors, which would be great for events or as an entrance to your garden!

Come by and see what's in stock. We also have our smaller garden products, including potting tables, arbors and chicken coops at Farm Supply in San Luis Obispo and Arroyo Grande.

Light and Bright Custom Sheds

We recently created this custom, unique shed made from salvaged wood, corrugated metal and antique windows. Placing the antique windows in the doors really opened up the shed by letting light in. We also used a mixture of old metal and a clear polycarbonate on the roof to let additional light in. Traditional sheds are dark, making it hard to find things in the back of your shed.

The shed also features shelves on the left side and an open area on the right to hang your tools. This shed is 5' x 3', however we can build them to your specifications.

Our structures at A Place to Grow are works of art in every sense.

If you would like to come by our workshop or schedule a design consultation, please call 805.704.1155 for an appointment.

We Have Custom Reclaimed Wood Chicken Coops!

We are happy to be building chicken coops from reclaimed fence boards, corrugated metal and other scrap material from other projects. We are passionate about keeping construction waste materials out of the landfill by using them to create outdoor structures that are functional yet artistic!

These chicken coops are definitely "eggceptional" in that they function as coops yet have the artistic flair that

makes them unique! What chicken wouldn't love to lay her eggs in one of these? We also offer chicken runs that can be attached to the coops.

Come by our shop to see which of these coops will work for you. They can hold up to 6 chickens and are built to be modular and moveable. With the cost of eggs going sky-high, now is the perfect time to start raising your own chickens!

Calendar of Upcoming Events

June

[12th Annual Art in the Park @ Dinosaur Caves Park](#) at the corner of Shell Beach Road and Cliff Ave. in Shell Beach, Sunday, June 7, 2015 10-5:00 pm
