September's Featured Structure: Master Gardener's Greenhouse

We recently had the opportunity to create this unique and extremely functional greenhouse for our client who is a master gardener.

Our client knew exactly what she wanted for her greenhouse, but did not have a lot of space. We custom created her greenhouse to tuck right under an upstairs deck. This greenhouse features doors on each end, essentially making it a walk thru greenhouse. We designed windows along the top of the wall to allow the hot air to escape. We can hardly wait to see what our client grows in her artistic, new greenhouse!

If you have any windows or other sentimental materials that you would like us to incorporate into an outdoor room, please call 805.704.1155 or email to schedule an appointment to talk about creating your very own *Place to Grow!*

Happy Client Spotlight: SLO Art Studio

At *A Place to Grow* we pride ourselves on creating custom, unique products that enhance our client's lives.

We recently had the pleasure of catching up with our client to see what she is doing with the She Shed that we created for her last year.

With our client's input, we incorporated her windows and doors to create an outdoor space that provides her the opportunity to create beautiful art! We also used some wood from an existing pergola, making

it all the more special. Our client painted the front doors, built shelves and created a worktable on wheels that she can move around her studio as she needs it. We love seeing how our clients make their sacred spaces their own!

100% Reclaimed Wood Potting Tables & More!

We are excited to offer unique potting tables in addition to our recycled structures!

This potting table is made of 100% reclaimed wood and has been re-purposed into a functional table that would complement any garden. We offer a delightful selection of these useful, yet artistic potting tables for sale at our shop located at 445 B Prado Road in San Luis Obispo. These tables come in 4' and 6' lengths and make great gifts.

Cluck, cluck, our charming chicken coops are ready to come home with you! As eggs are getting more and more expensive, this is the perfect time to consider getting your own hens for a daily supply of fresh eggs.

We also have garden arbors, which would be great for events or as an entrance to your garden! Come by and see what's in stock.

We Have Tool Sheds!

As we are heading into winter, one that some are predicting to be a wet El Niño winter, now is the ideal time to get a reclaimed wood tool shed to store all your yard implements to keep them from rusting. Our sheds are custom crafted using reclaimed wood, vintage windows and salvaged corrugated metal for the roof. We also bring in a clear panel on the roof to allow light in so that you can see what you have inside. Each tool shed is custom created by order.

Stop by to see what we have in stock. Our hours are M-F 9-5:00 and Saturdays by appointment.
