Tables!**

Calendar of Upcoming Events

We have had such a great summer here at *A Place to Grow!* It has been filled with so many new friends and projects as we have been blissfully busy this year and experiencing steady growth. I always feel a little nostalgic when summer winds down and school starts up again. I look at my garden and see all the bounty it has provided over the summer months and feel profound gratitude for all the abundance. We are already planning our fall and winter garden planting in anticipation of preparing many hearty soups and delicious salads.

At *A Place to Grow* we specialize in creating unique outdoor lifestyle spaces for you to grow, whether it's a greenhouse to grow plants, an artist studio/meditation retreat to grow spiritually or an outdoor dining room to grow peace and tranquility while sharing a meal with family and friends. As soon as you are ready to start designing your own unique structure, please respond to this email or call us at 805.704.2161.

You received this newsletter because you expressed an interest in *A Place to Grow* by signing up with us at one of our events or on our web page.

We look forward to talking with you soon!

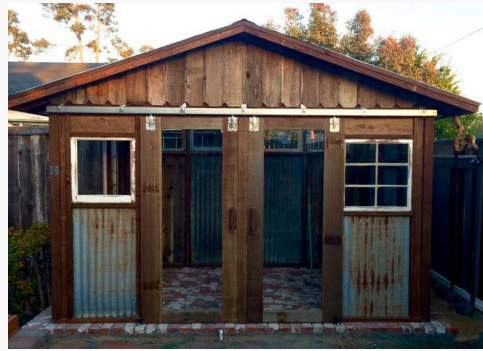

Dana

August's Featured Structure: Cambria Sea Shed

We recently had the pleasure of creating this Stunning Sea Shed for our clients in Cambria by the Sea. We incorporated the windows our clients had collected over the years, making it more

meaningful and special. The back wall features a stained glass window of a bird on a branch and the front wall features barn doors with custom fabricated metal handles. This Sea Shed is a true work of art!

If you have a space you would like transformed using our eye for design and reclaimed materials, give us a call. We'd be happy to schedule an appointment to talk about creating your very own *Place to Grow*, so please respond to this email or give us a call at 805.704.2161.

Old World Style Pergola With a Modern Flair!

We recently had the opportunity to work with our clients to create this unique and beautiful pergola in Paso Robles. We designed the structure to have a straight line on the left side and a sweeping curve on the right side which is their view side. In addition, the beams were arched to add yet another curve to the structure giving it a softer, more curvaceous look.

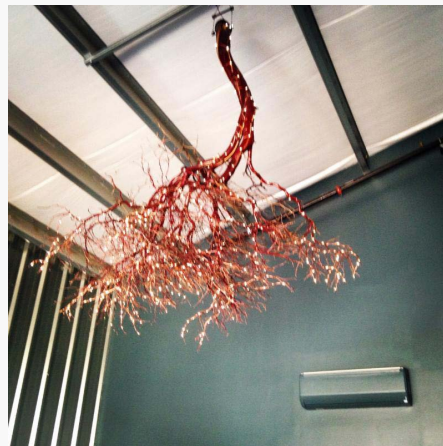

This was truly a team approach as [Pacific Coast Lumber](#) milled the wood for the pergola. Then our clients, who are artists themselves, finished the wood in the old world distressed style, matching it beautifully with their custom home!

At *A Place to Grow* we specialize in unique, one of a kind projects that bring artistry to your project. If you are interested in talking to us about something different in your home project, give a call at 805.704.2161 or stop by our shop at 445 B Prado Road, San Luis Obispo, CA.

Local Winery Commissions Manzanita Chandelier!

A Place to Grow and [Pacific Coast Lumber](#) joined forces to provide our clients with a custom crafted Manzanita chandelier. The wonderful folks at [Desparada Winery](#) commissioned us to make their idea take shape. They wanted a light fixture that was natural and unique. Manzanita is a hard wood with unique, red branches making it truly stunning. We strung hundreds of tiny LED lights throughout all of the branches making this chandelier a true luminescent beauty. The chandelier measures 6' x 7' and is hanging in Desparada Winery tasting room located at 3060 Limestone Way in Paso Robles. Stop by and see the chandelier and taste some delicious wines!

If you would like to talk to us about designing an outdoor room for you or have an interest in any urban forested lumber, please call 805.704.2161 or email to schedule an appointment.

We Have Reclaimed Wood Potting Tables!

We are excited to offer unique potting tables in addition to our recycled structures!

This potting table is made of 100% reclaimed wood and has been re-purposed into a functional table that would complement any garden. We offer a delightful selection of these useful, yet

artistic potting tables for sale at our shop. These tables come in 4' and 6' lengths and make great gifts.

If you would like one of these unique and environmentally friendly tables, please give us a call at 805.704.2161 or stop by our showroom at 445 B Prado Road, San Luis Obispo, CA
