We are being considered for a television show! I just had to blurt that out as we are super excited at the possibility of potentially having our crews from *A Place to Grow* (APG) and *Pacific Coast Lumber* (PCL) considered for a show! A big thank you to our clients who have been involved in the filming or have just let us film your beautiful yards and sheds, we are truly grateful for you. Stay tuned as we work through the process and keep your fingers crossed for us!

Sean and I have been blissfully busy both here at APG and at the mill. We have had some great projects and look forward to spring time and creating more beautiful spaces. If you are looking for a sacred space, here at *A Place to Grow* we specialize in creating unique outdoor lifestyle spaces for you to grow, whether it's a greenhouse to grow plants, an artist studio/meditation retreat to grow spiritually or an outdoor dining room to grow peace and tranquility while sharing a meal with family and friends. As soon as you are ready to start designing your own unique structure, please respond to this email or call us at 805.704.2161.

You received this newsletter because you expressed an interest in *A Place to Grow* by signing up with us at one of our events or on our web page.

We look forward to talking with you soon!

Dana

**Featured Structure: Morro Bay Retreat**

This beautiful shed provides a place for our client, Beverly, to retreat to when she wants some alone time or to just

hang out with her dogs! This shed features a door re-purposed as a window that can also drop flat to be a bar top for a glass of wine or a lunch spot!

Sitting right next to her garage, it is nice, cozy spot to relax in as it looks out on her beautiful backyard. Beverly found an amazing mermaid chandelier to hang in her shed, adding beauty and flair!

At *A Place to Grow* we specialize in unique, one of a kind sheds that bring artistry to your space. Ready to get a

shed of your own? Just give us a call at 805.704.2161 or stop by our shop at 445 B Prado Road, San Luis Obispo, CA.

## Custom Wine Barrel Table & Bar Stools

We recently had the pleasure of creating this wine barrel table using our client's family table top from when he was a kid! This maple table top fit beautifully on top of the wine barrel and truly is a work of art. We finished it off with four of our bar stools also made from wine barrels. Here at *A Place to Grow* we are passionate about re-purposing and love using your sentimental pieces either in our sheds or in furniture like this!

If you have a wood project that you need help with, we specialize in unique projects and would love to partner with you to make your project come to life! Please give us a call at 805.704.2161 or respond to this email.

We currently have some wine barrel stools in inventory, give us a call at 805.704.2161 to reserve some!

## Meet Our Carpenter, Scott Romuk!

Meet Scott Romuk, one of our newest members of the *A Place to Grow* (APG) family! Scott originally came to us to work for Sean's shop, Pacific Coast Lumber (PCL). After a few months, he's transitioned to working for us here at APG.

Scott moved to SLO County in 2013 from Granite Bay, CA to attend Cuesta College and then Cal Poly, studying Agribusiness where he recently graduated. With his Bachelor's degree, he hopes to eventually pursue a career in agricultural production. Scott is also a seasonal firefighter and worked on the Whittier fire that burned around Santa Barbara and Lake Cachuma last summer. He will be heading off

to fight more fires this summer and plans to return to us in the fall. We are grateful to Scott for doing his part to keep us all safe!

Scott worked on a sustainability project for Dole Food Co., Inc., in Salinas two summers ago. He says that he is passionate about sustainability and minimizing our footprint on the planet, and that's one of the reasons why he loves working here at APG. Scott also enjoys the calculations that go into making sure the measurements for a project are precise. He says the hard work poured into each project is really gratifying when he gets to see our clients' reactions to the final product!

## Send Us a Picture of Your Shed!

We love it when our clients send us pictures of how they are using their "Places to Grow!" Here is a picture of "Bijou" enjoying her owner's sacred space! They use this space for meditation and relaxation. The smell of the pine wood flooring and the live edge siding give it a really grounded feel, perfect for meditating. This shed features a reclaimed wood Buddha from Bali. We framed it in the back wall as a focal point for their altar.

If you have pictures of you using your beautiful shed or just a picture of your shed all decorated, please text them to 805.704.1155. We would love to share your pictures so that other clients may get ideas from you!

If you would like one of these unique and environmentally friendly sheds for your garden, please give us a call at 805.704.2161 or stop by our showroom at 445 B Prado Road, San Luis Obispo, CA
